SUBJECT: Information Bulletin # 433 - Fiscal Year 2018 Preparedness
Grant Programs Allocation Announcement

Today, the Federal Emergency Management Agency (FEMA), a component of the Department of Homeland Security (DHS), is pleased to announce final Fiscal Year (FY) 2018 funding allocations for the following grant programs:

- Homeland Security Grant Program (HSGP)
 - State Homeland Security Program¹
 - Urban Area Security Initiative¹
 - Operation Stonegarden
- Emergency Management Performance Grant (EMPG) Program¹
- Tribal Homeland Security Grant Program (THSGP)
- Nonprofit Security Grant Program (NSGP)
- Transit Security Grant Program (TSGP)
- Port Security Grant Program (PSGP)
- Intercity Passenger Rail (IPR) Program – Amtrak¹
- Intercity Bus Security Grant Program (IBSGP)

¹ Grant allocations for these programs were announced on May 21, 2018 as part of the Notice of Funding Opportunity release as well as the Grant Programs Directorate Information Bulletin No. 428.

The total amount of funds allocated for the FY 2018 Preparedness Grant Programs announced in this Information Bulletin is \$1,687,100,000.²

FY 2018 Homeland Security Grant Program (HSGP)

The HSGP includes a suite of risk-based grants to assist state, local, and tribal efforts in preventing, preparing for, protecting against and responding to acts of terrorism. The grants included under HSGP:

*State Homeland Security Program (SHSP)*³. SHSP provides \$402,000,000 to support the implementation of the National Preparedness System and building a culture of preparedness through planning, organization, equipment, training, and exercise needs to prevent, protect against, mitigate, respond to, and recover from acts of terrorism and other catastrophic events. SHSP also provides funding to implement initiatives based on capability targets and gaps identified during the Threat and Hazard Identification and Risk Assessment (THIRA) process, and assessed in the Stakeholder Preparedness Report (SPR).

*Urban Area Security Initiative (UASI)*³. The UASI program provides \$580,000,000 to address the unique planning, organization, equipment, training, and exercise needs of high-threat, high-density urban areas, and assists them in building an enhanced and sustainable capacity to prevent, protect against, mitigate, respond to, and recover from acts of terrorism and other catastrophic events.

Operation Stonegarden (OPSG). OPSG provides \$85,000,000 to enhance cooperation and coordination among local, tribal, territorial, state, and Federal law enforcement agencies in a joint mission to secure the United States' borders along routes of ingress from international borders to include travel corridors in states bordering Mexico and Canada, as well as states and territories with international water borders.

FY 2018 Emergency Management Performance Grant (EMPG) Program

The EMPG Program provides \$350,100,000 to assist state, local, and tribal governments for the purpose of providing a system of emergency preparedness for the protection of life and property in the United States from all hazards and to vest responsibility for emergency preparedness jointly in the Federal Government and the states and their political subdivisions. This total funding amount includes \$100,000 from the Disaster Relief Fund that FEMA makes available to the Federated States of Micronesia and the Republic of the Marshall Islands.

² The following FY 2018 grant programs are not part of this announcement and will be awarded separately: Assistance to Firefighters Grants (\$315,000,000), Staffing for Adequate Fire and Emergency Response Grants (\$350,000,000), Fire Prevention and Safety Grants (\$35,000,000), and Presidential Residence Protection Assistance Grants (\$41,000,000).

³ Per section 2006 of the *Homeland Security Act of 2002*, as amended (6 U.S.C. § 607), DHS/FEMA is required to ensure that at least 25 percent (25%) of grant funding appropriated for grants awarded under HSGP's authorizing statute are used for law enforcement terrorism prevention activities. DHS/FEMA meets this requirement, in part, by requiring all SHSP and UASI recipients to ensure that at least 25 percent (25%) of the combined HSGP funds allocated under SHSP and UASI are dedicated towards law enforcement terrorism prevention activities, as defined in 6 U.S.C. § 607. The LETPA allocation can be from SHSP, UASI, or both. This requirement does not include award funds from OPSG.

FY 2018 Tribal Homeland Security Grant Program (THSGP)

The THSGP provides \$10,000,000 to directly eligible tribes to support the building, sustainment, and delivery of core capabilities to enable tribes to strengthen their capacity to prevent, protect against, mitigate, respond to, and recover from potential terrorist attacks.

FY 2018 Nonprofit Security Grant Program (NSGP)

In FY 2018, the Nonprofit Security Grant Program provides \$60,000,000 in funding support for target hardening and other physical security enhancements and activities to nonprofit organizations that are at high risk of a terrorist attack. Of this amount, \$50,000,000 in funding was available to nonprofit organizations located within one of the specific UASI-designated high-risk urban areas. In FY 2018, additional, separate funding in the amount of \$10,000,000 has also been appropriated for nonprofit organizations located outside of FY 2018 UASI-designated high-risk urban areas. The intent of the FY 2018 NSGP is to competitively award grant funding to assist nonprofit organizations in obtaining the resources required to support and integrate the preparedness activities of nonprofit organizations that are at high risk of a terrorist attack with broader state and local preparedness efforts. The program seeks to integrate nonprofit preparedness activities with broader state and local preparedness efforts. It is also designed to promote coordination and collaboration in emergency preparedness activities among public and private community representatives, as well as state and local government agencies. Under the Nonprofit Security Grant Program - State (NSGP-S), eligible states will receive an allocation for nonprofit organizations located outside of FY 2018 UASI designated Urban Areas. As in previous fiscal years, the Nonprofit Security Grant Program - Urban Area (NSGP-UA) is a competitive grant program.

FY 2018 Transit Security Grant Program (TSGP)

The TSGP provides \$88,000,000 to support transportation infrastructure security activities. The TSGP provides funds to eligible publicly owned operators of public transportation (which includes intra-city bus, commuter bus, ferries, and all forms of passenger rail) to protect critical surface transportation infrastructure and the traveling public from acts of terrorism, and to increase the resilience of transit infrastructure.

FY 2018 Port Security Grant Program (PSGP)

The PSGP provides \$100,000,000 for transportation infrastructure security activities to implement Area Maritime Transportation Security Plans (AMSPs) and facility security plans among port authorities, facility operators, and state and local government agencies required to provide port security services. The purpose of the FY 2018 PSGP is to competitively award grant funding to support increased port-wide risk management; enhance domain awareness; conduct training and exercises; expand port recovery and resiliency capabilities; further capabilities to prevent, detect, respond to, and recover from attacks involving improvised explosive devices and other non-conventional weapons.

FY 2018 Intercity Passenger Rail (IPR) Program – Amtrak

In FY 2018, the IPR Program provides \$10,000,000 to the National Passenger Railroad Corporation (Amtrak) to protect critical surface transportation infrastructure and the

traveling public from acts of terrorism, and to increase the resilience of the Amtrak rail system.

FY 2018 Intercity Bus Security Grant Program (IBSGP)

The IBSGP provides \$2,000,000 to owners and operators of intercity bus systems located within the UASI-eligible Urban Areas, to protect critical surface transportation infrastructure and the traveling public from acts of terrorism, and to increase the resilience of transit infrastructure.
